INTRODUCTION

All those popular, powerful organizations such as radio and TV networks, newspapers, books, magazines, movies, rock music, government schools, main line Judeo-Christian churches, etc, are the “mass-media.” The mass-media are ostensibly keeping the public well-informed concerning all the information available, and, unfortunately, most people blindly trust in the mass-media’s perceived honesty, integrity and accuracy.

However, the few independent-thinking, discerning individuals who do not blindly trust the mass-media can see that the mass-media are deceiving the public on many subjects by disseminating myths.

Of course, myths are harmless when they are recognized for what they really are: stories which are not true. But the danger arises when people are not aware that they ARE myths: when they actually think the myths are true. At this point the withholding of important information becomes a tool of deception that creates myths used by the reporters of information for mind control. This creates the age-old problem described in the Bible:

“My people are destroyed for the lack of knowledge...”

Hosea 4:6a

Unfortunately, this is occurring in the world today. The elaborate system of mass-media mythology existing in our society covers a wide range of subjects calculated to mold a slave mentality so people will be easier for the masters to control.

This book presents an illustrated guide to the other side of some of those established myths, and presents a Christian patriotic viewpoint which is routinely suppressed in the mass-media. Most of the artwork you will see on the fol-

lowing pages is the result of a collaboration between the artist and each pastor. I first began political cartooning in 1967 when pastor Sheldon Emry came to me with his book, *Billions for the Bankers Brings Debts to the People*. He had the idea of illustrating it with political cartoons. After I drew the cartoons for that book, some of which are contained in this book, Pastor Emry continued to come up with cartoon ideas on a regular basis, and the majority of the cartoons in this book are his ideas.

Most Judeo-Christians would be appalled at the idea that a Christian pastor would dare use a “political” cartoon as a tool to spread the truth. Since the false doctrine of separation of Christianity and government has been taught so fervently over the past decades, many people think it is not a pastor’s place to deal with subjects concerning politics and government. They do not believe in the free exercise of Christianity in all areas of life as the Bible teaches.

However, prior to this neutralizing doctrine, which mass-media mythology self-righteously labels as “separation of church and state,” people would have been appalled if a pastor DID NOT deal with the subjects of politics and government! In fact, the clergy that were the driving force behind the American fight for independence were highly educated men, knowledgeable in ALL subjects. They dealt with them—even politics and government—in their sermons from a Biblical perspective.

Pastor Emry was one of the leading pioneer pastors in the reawakening of this Christian patriotic ideology our founding fathers and the Bible advocated. As a result, he brought a practical message to Christians from the Bible on many burning issues of the day where previously, Judeo-Christian pastors had given only vague guidance.

And it was only natural to use political cartoons as a teaching tool. Pastor Emry was the first pastor I knew of in the last two decades who made use of the political cartoon. It soon became one of his trademarks and those on his mailing list looked forward to seeing new cartoons each year.

* * * * *

After his death in June 1985 another pastor came along to continue in the same spirit of Christian patriotism. And he learned from Pastor Emry that the political cartoon was indeed an effective tool in his mission to teach the gospel of the kingdom.

He was Ben Williams, who was Pastor Emry’s assistant pastor. He began his own national ministry, American Covenant Church, about a year after Pastor Emry’s death, later becoming American Christian Ministries, and Ben has effectively used political cartoons to illustrate many of the articles in his newsletters. Those cartoons are in this book.

A number of cartoons he came up with while serving as the editor for Pastor Emry’s newsletter during 1985-1986 are also included in this

book. "Slaves to the Rhythm" and "Blood Money" are two examples of these.

Pastor Williams' cartoon ideas are insightful and thought-provoking mini-lessons. They present a necessary Biblical world view for today's Patriotic Christians.

* * * * *

The cartoons in this book are different than the political cartoons you see running every day in the large newspaper chains. Generally, there are more words and detail in these cartoons than in the ones for the large newspapers.

The reason for this is that the political cartoonists for the large newspapers have the help of all the mass-media to get their side of the story out to the public. So, the reader has already been educated to a great extent before he comes across the cartoon.

Yet, most of the cartoons in this book deal with news and information that has been suppressed by the mass-media. As a result, the cartoon, itself has the burden of not only making a point, but of also educating the reader as to the suppressed information.

These cartoons generally get more mileage than mass-media cartoons because they deal with broader concepts than the specific, everyday politics you normally see in the large newspapers. This means that even though most of the cartoons herein originally appeared in Pastor Emry's or Pastor Williams' newsletter and mailings over the last 15-20 years, they still are timely because the problems they attack are still plaguing our nation. If some of them ARE outdated, then they serve as the accurate suppressed view of history which opposed mass-media mythology at the time.

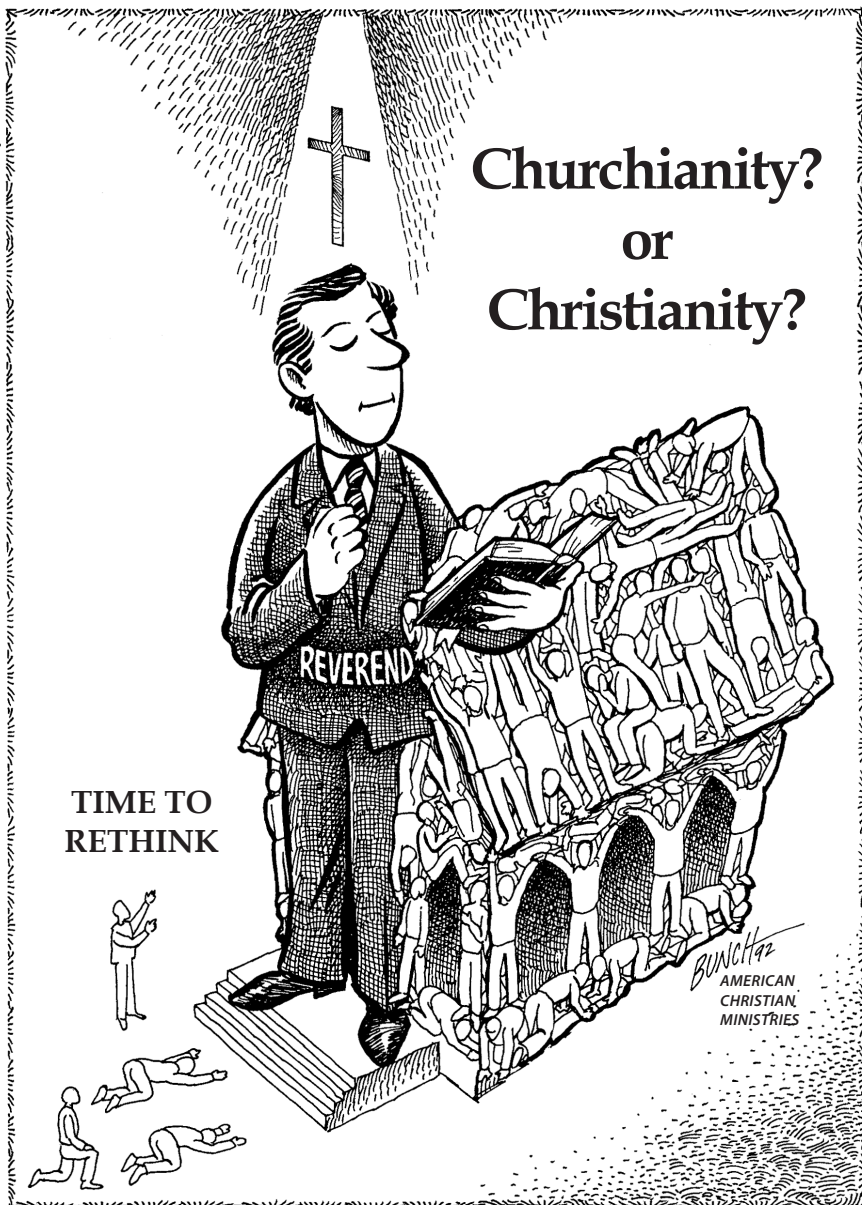

This book can be used in different ways. Since all the cartoons in this book are copyright-free, they can be reproduced without permission by Patriotic Christians in order to spread the truth further.

Or this collection of cartoons can serve as a basic overview of different subject that might cause people to begin thinking independently of the pervasive mass-media myth-mongers and do some of their own research into the suppressed details of each subject

Which ever way it is used, I hope it is utilized to spread truth and keep the flame of free speech and independent thought burning in America.

Churchianity? or Christianity?

TIME TO
RETHINK

ORGANIZED RELIGION VS. CHRISTIANITY

Organized Religion is but another arm of the mass-media, and mass-media mythology claims that true Christianity comprises a large part of organized religion. However, if you can cut through the myths, you will see that in reality, Christianity is NOT a religion. Instead, it is an entire way of life, because its principles encompass every area of life – even government.

Also mass-media mythology would have the public believe the false idea that Christianity and Judaism have so much in common that they should be combined in the oxymoron, "Judeo-Christian ethic." If people were told the entire story, they would recognize that the moral values of Judaism are opposed to the moral values of Christianity.

MIND CONTROL

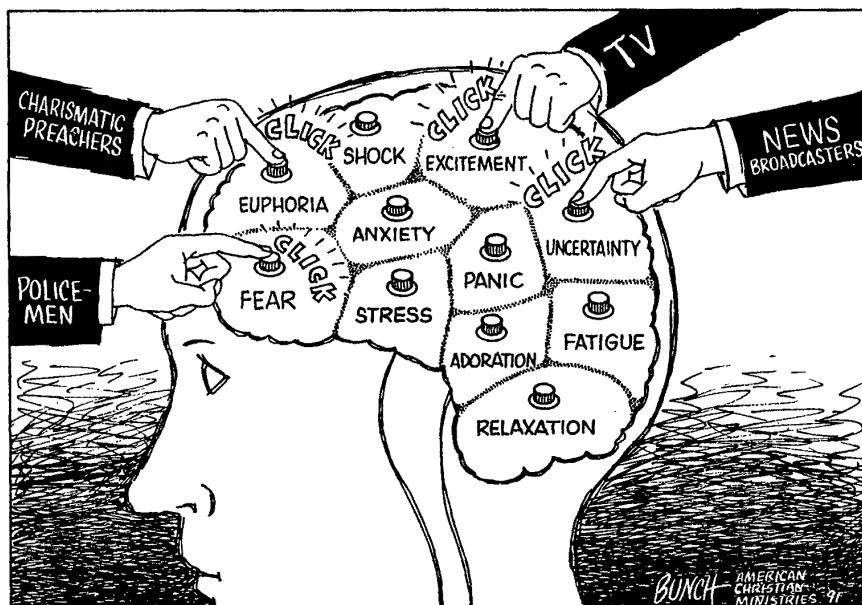

At first the claim of mind control sounds like some sort of wild sci-fi B movie plot. But when you use the moral thinking and standards of the past as a sounding board to see how far the public's current moral thinking has strayed, combined with the obvious propaganda and conditioning techniques employed by every sector of society from schools to TV to religious institutions, the claim doesn't seem that farfetched.

As Americans, we have been so indoctrinated to believe what the establishment tells us, that we no longer desire to really think for ourselves outside of government and religious prescribed parameters.

MYSTERY BABYLON

Mass-media mythology paints a pretty picture of a one-worldism paradise where all races, creeds, and religions love each other; all is harmonious; all men are free and prosperous.

But those who love the truth notice what the mythology leaves out. If the suppressed information were included, people would see an ugly picture of reality much more in agreement with Revelation 17 and 18:

And I saw the woman (Mystery Babylon) drunken with the blood of the saints, and with the blood of the martyrs of Jesus: . . . And the woman which thou sawest is that great city which reigneth over the kings of the earth. For all nations have drunk of the wine of the wrath of her fornication, and the kings of the earth have committed fornication with her, and the merchants of the earth are waxed rich through the abundance of her delicacies.

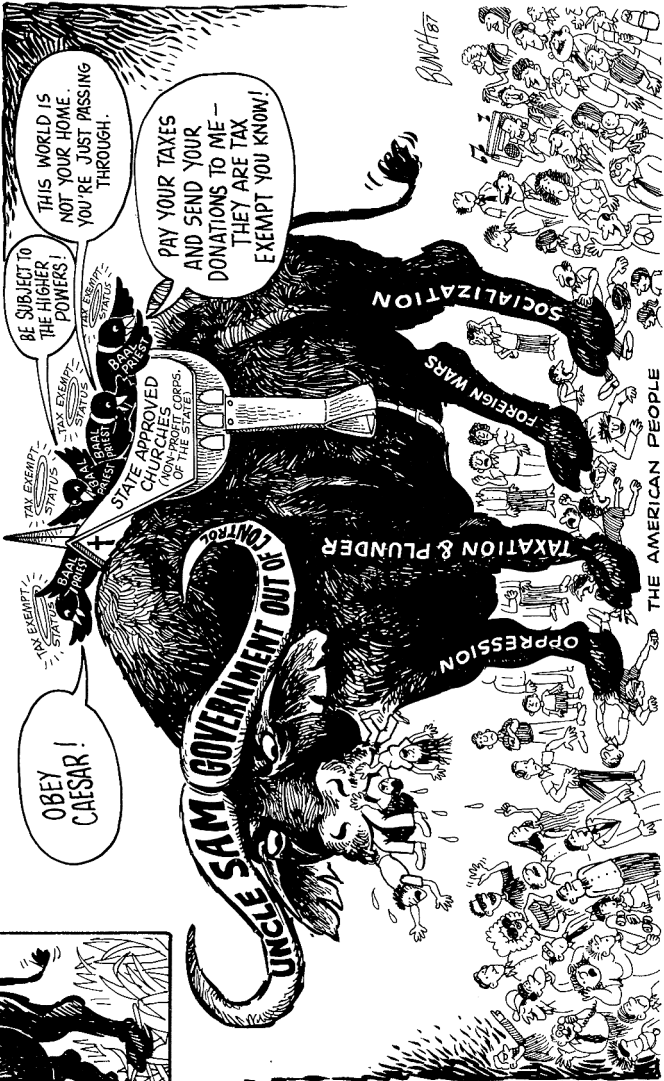

Rev.17:1b,5,6a,18; Rev.18:3

NATURE'S SYMBIOTIC RELATIONSHIP

BABYLON'S SYMBIOTIC RELATIONSHIP

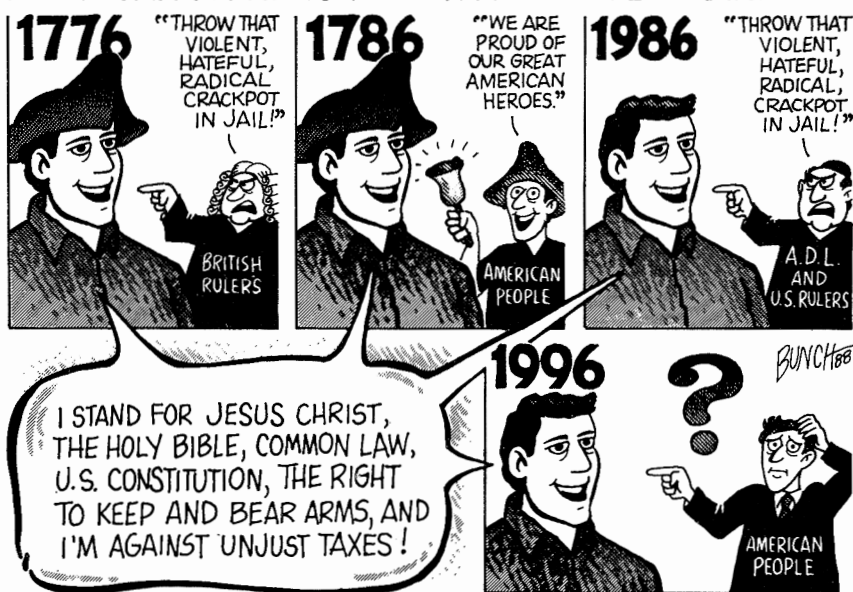

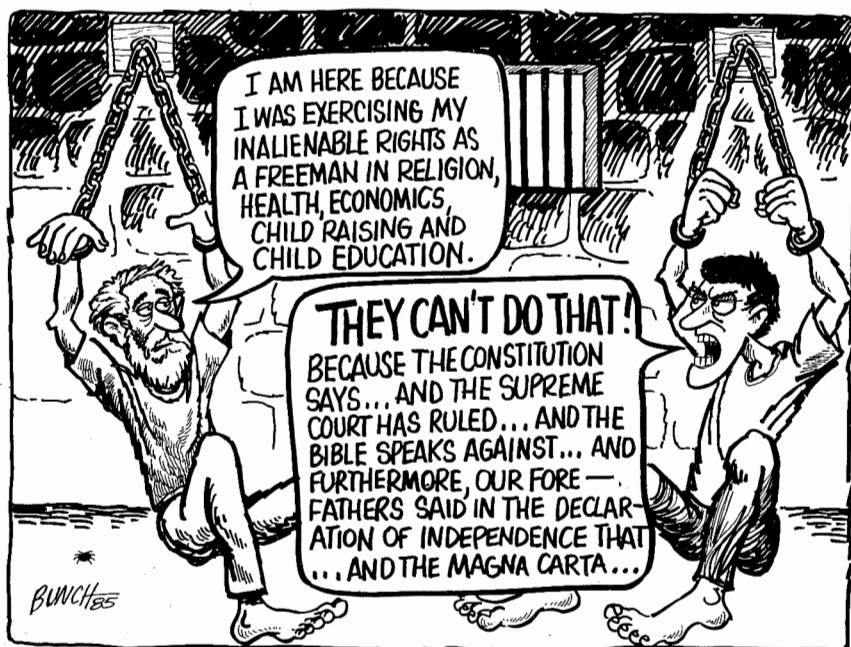

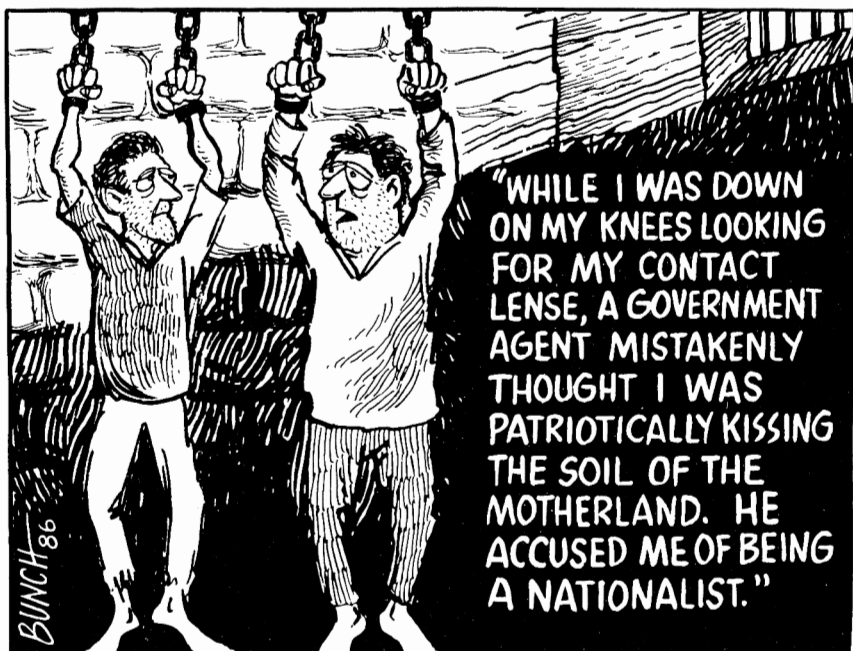

PATRIOTISM

In mass-media mythology "nationalism," the true patriotism America was founded upon is now a dirty word. The mass-media definition says that instead of love of country, patriotism means you owe your allegiance to the world state because you are a "world citizen."

Furthermore, the founding fathers of the United States of America, who were actually patriotic Christians, are now falsely labeled by the mass-media as "patriotic Humanists." Mass-media mythology has deceptively redefined patriotism as "pluralism."

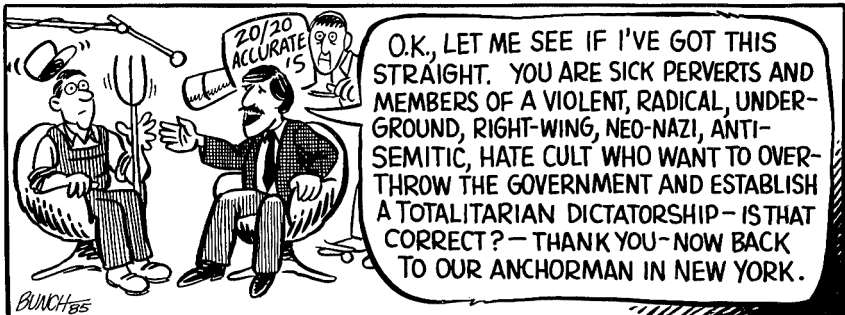

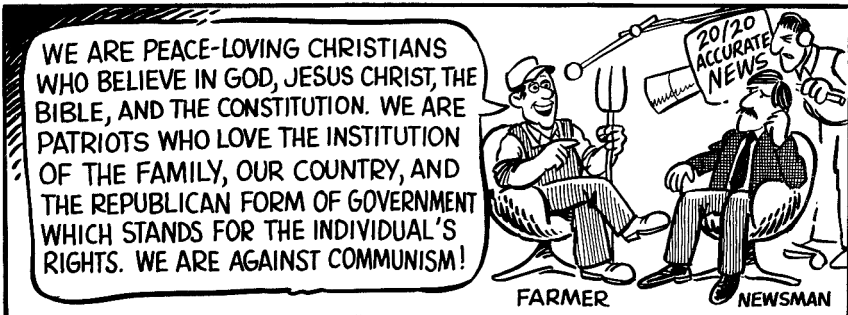

AMERICAN PATRIOTS HAVE NOT CHANGED. HAVE YOU?

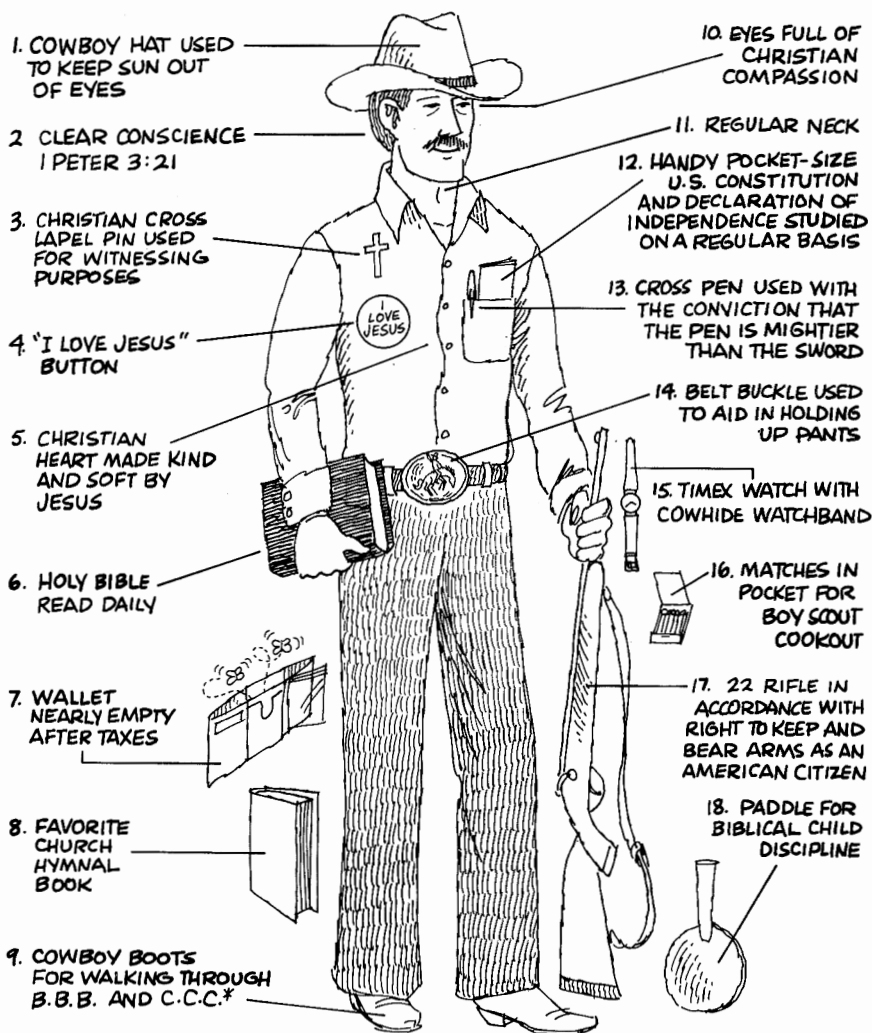

MEDIA SMEAR TACTICS

The code name for this in mass-media mythology is "accurate responsible journalism." Freedom of speech is often used by the mass-media as an excuse or license to slander or impugn the reputation of anyone who dares to disagree with any part of mass-media mythology. Unfortunately, many people wrongly assume the mass-media are accurate, honest and have integrity.

SLAVERY

Just as in George Orwell's 1984, words used by the mass-media mean the opposite of what they say. Mass-media mythology doublespeaks "freedom" when slavery is the reality.

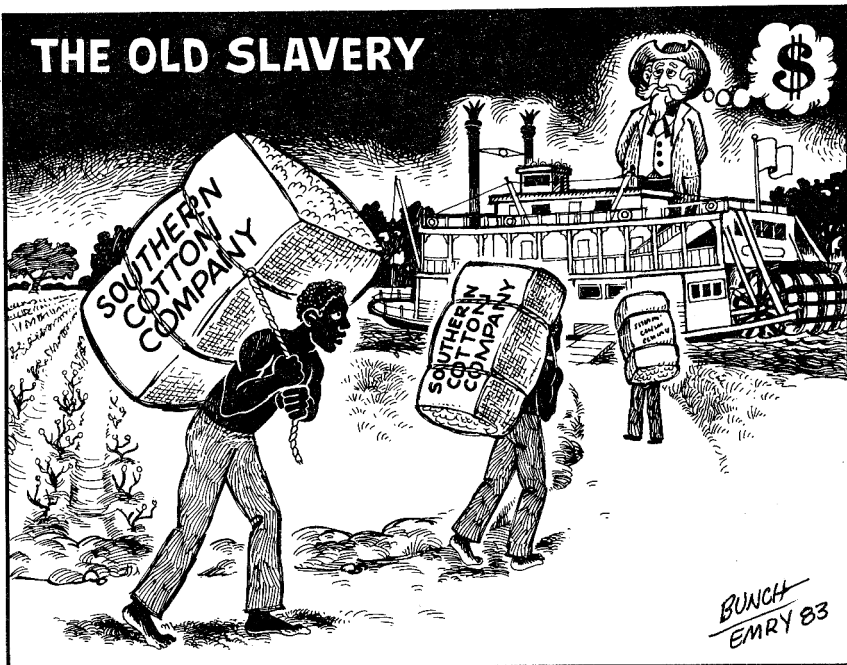

People wrongly assume that just because they have peace, material things, entertainment, and creature comforts, they are free. They miss the fact that through trickery they have become entangled in a sticky web of licenses, permits and contracts which are being used by the state to control and tie them down.

Just like in the old movies about Nazi Germany, their papers must be in order, and they cannot do anything without those papers, which can only be granted to them by their master, the state!

MONEY AND BANKERS

The Bible clearly condemns interest (usury) on money. However, if bankers were not allowed to charge interest, then they could not make a living at the occupation of banking.

Since mass-media mythology says that banking is a respectable occupation and there is no way man could get along without banks, we should not even think of throwing bankers out of that job.

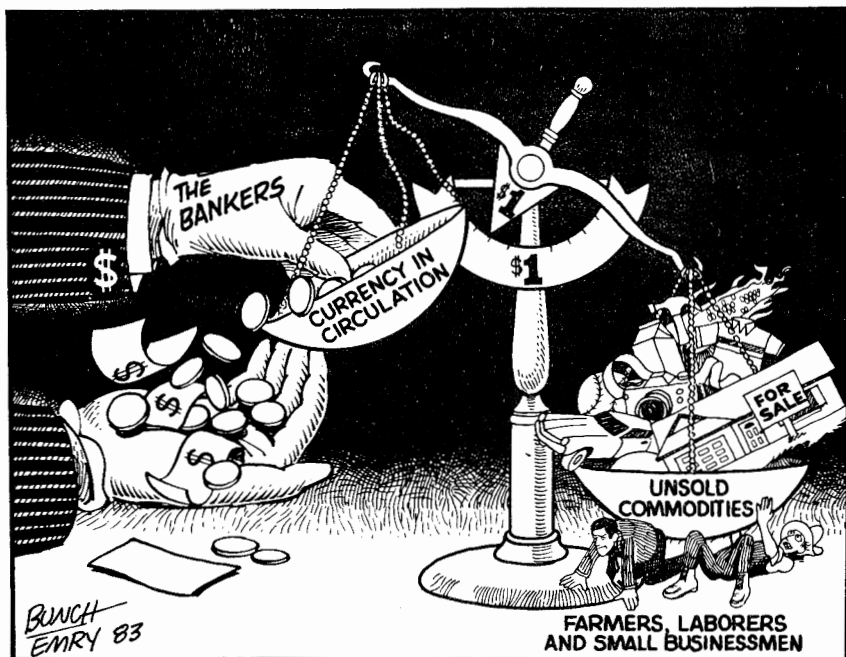

However, those who believe the truth of the Bible, understanding that the charging of interest blood-sucks the life out of an economy and eventually puts most of the wealth and power in the hands of a few, conclude that banking is not an honest occupation.

IRS STORM TROOPERS

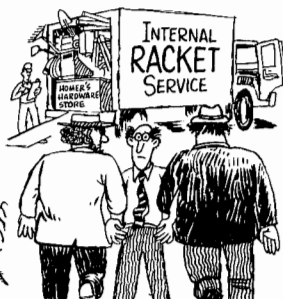

Mass-media mythology stresses that it is immoral for a citizen to not pay income taxes, and thus, makes most people feel guilty if they do not pay the extortion Big Brother government demands. (Mass-media mythology calls it your "fair share" of taxes.)

However, because of their power of intimidation, the IRS agents are actually immoral government stormtroopers, abiding by their own law while breaking God's moral law. After blowing away the mythology, it becomes obvious that the true purpose of the IRS is to regiment and control the American people through force and harassment exactly as one would expect to see it done in a Communist country.

ABORTICIDE

In ancient times the Israelites were guilty of killing their children by sacrificing them to the pagan god, Molech. 2,000 plus years later the killing of children continues. Only in today's more technologically advanced society man can more efficiently murder the baby before it leaves the mother's womb. Mass-media mythology justifies this brutal holocaust by falsely claiming that a fetus is not really a viable human being and that a woman has a right to choose whether or not she can murder her own child!

CONGRATULATIONS YOUNG MAN. YOUR BABY WILL BE USED FOR LABORATORY EXPERIMENTS AND VACCINES. THE MOTHER MAY HAVE NIGHTMARES FOR A FEW YEARS PERHAPS SOME MENTAL HEALTH PROBLEMS. SHE ALSO MAY SUFFER FROM CANCER OF THE UTERUS, POSSIBLY LESIONS AND MONTHLY MENSTRUAL CRAMPS. A FEW HUNDRED PILLS EACH YEAR WILL DULL THE PAIN. SHE MAY CRY A LOT AROUND OTHER BABIES AND SHE MAY EVEN TURN TO ALCOHOL TO FORGET. VALIUM & OTHER TRANQUILIZERS WILL HELP. ALL THAT, PLUS I GOT A FEW HUNDRED DOLLARS MAKES THE OPERATION A SUCCESS. BE SURE AND RECOMMEND ME TO YOUR FRIENDS. PEACE.

YOUTH

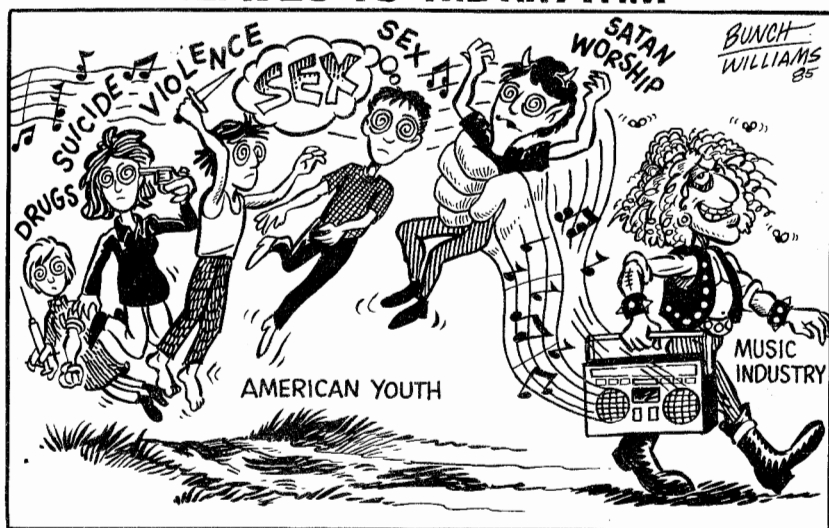

"Train up a child in the way he should go: and when he is old, he will not depart from it."

Proverbs 22:6

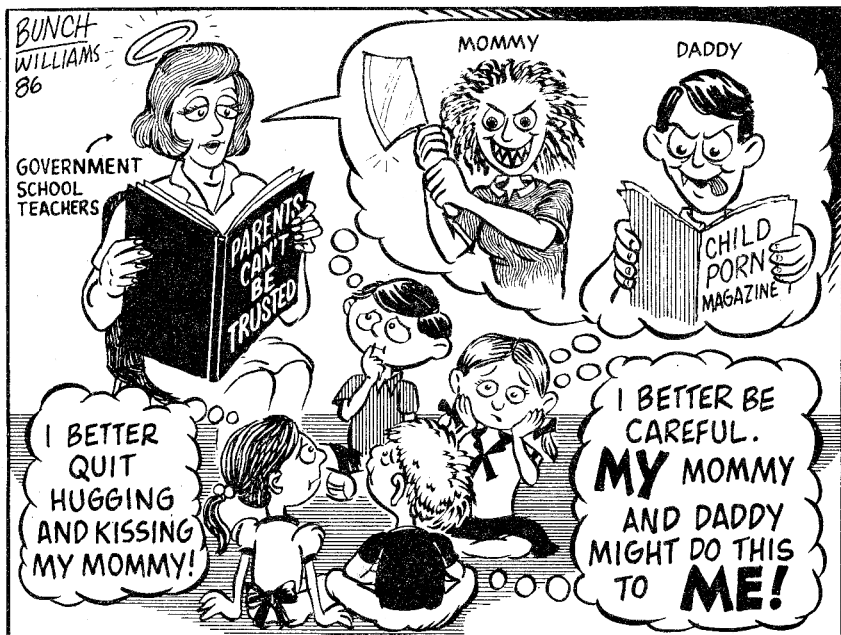

Our children will either be trained in the true precepts of Christianity or the false precepts of anti-Christianity. It is up to the parents to be on guard.

If the parents are not on guard, the mass-media, which also includes government schools and rock music, will get away with training our children in mass-media mythology, the precepts of anti-Christianity. What more can we expect if God and His law are removed from the classroom and our society?

"Jesus Christ rebuked the Jewish Pharisees in Matthew 16 as follows:

"When it is evening, ye say, it will be fair weather, for the sky is red. And in the morning, It will be foul weather today; for the sky is red and lowring. O ye hypocrites, ye can discern the face of the sky; but can ye not discern the signs of the times?"

"Today, it is Christians who are unable to 'discern the signs of the times' and are therefore quite ignorant of America's peril.

"Much of this inability of American Christians to 'discern (understand) the signs of the times' is that they are so overwhelmed with volumes of misinformation foisted on them by schools, newspapers, magazines, television and movies that they are unable to separate the truth from falsehood. Most Americans believe many of the enemy's falsehoods and even those who KNOW the public news and entertainment media are enemy propaganda arms are sometimes deceived.

"The volume of falsehoods poured upon our people is such that we cannot hope to match that output IN VOLUME! Therefore, to expose their falsehoods and to get Truth to our brethren we must use very effective methods. ONE OF THOSE VERY EFFECTIVE METHODS IS PICTURES!

"It has been truly said, 'A picture is worth a thousand words.' One cartoon can reveal as much truth in 30 seconds as a small book. It will often get through to the person before he can ignore or reject it!"
